Quote:hmmm, let's see...

- I can actually handle losing to someone better than me without getting so angry that I need to cheat to get back at them
- I don't cheat just to annoy people
- I'm not a compulsive liar
- I'm capable of a better method of argument than simply repeating what the other person's just owned me with...
- I'm not so pathetically desperate for people to think I'm not a geek that I need to make up a completely fake account of what I do in my free time

c0vert does all the above. I call him a loser for doing the above. That does not put me as low as him, sorry...

This is the part where c0vert spouts some rhetorical garbage (or repeats something I've shot him down with) to pretend he isn't shaking with anger at the reality of this post.

Nope this is the part where I say, nothing is repeated by "you" as it was all said and done before, therefore I am repeating the original users. BTW are you physically unable to stop posting?
