Subject: Looking For HTML Code
Posted by _SSnipe_ on Sun, 26 Aug 2007 08:21:49 GMT

i cant find this whats the html code that it shows a menu and where u click on it u click on a link that takes u to a site to show a picture?

i found one code that made a menu and when u go to it expands to a bunch of text but i want one u can click on that takes u to a location?

any one?
