i got it.....YOUR NOT USING 1.037!!!!!!!

Did you install the 1.037 patch? if not please go to [ftp.westwood.com](ftp://ftp.westwood.com) and go to the renegade folder and download the patch, otherwise, get it on commandandconquer.filefront.com

you may need to reinstall if you didnt install this patch

1. install renegade
 2. install 1.037
 3. install rengaurd
 4. tell rengaurd to update so it installs cp1 and cp2
 5. play
-
