Nightma12 wrote on Mon, 24 September 2007 17:29so..... Download link please?

Also... what file would this be modifying?

Link will be posted as soon as the ladder team is ready with the other important things of the ladder.

The file it would be modifying would probably be XWIS.dll, blackintel's xwis implementation which makes WOLAPI a thing of the past, and also auto-reconnects to XWIS.
