That's a little hypocrite, even the owner of these forums runs a same sort community-radio. If she posted the same topic for NS, I am pretty sure you wouldnt have replied like this. If he likes to advertise his communityradio here, let him go for it. Either he plays legal music or not, it does not really concern you or me, and questioning him about it on his promo-topic is unneeded.

@reckneya, check this out for some ideas.

The fact your community also runs one doesn't have anything to do with your reply, I suppose?

I'm totally unrelated to n00bstories and to BHS for that matter. These forums were handed by Westwood to a natural person, not to a community.

Edit: and the reason why my community hasn't done this (as we did discuss it) is because we believe it to be illegal and we try to stay within all legal boundaries even though this has already cost us a lot of money (windows license, ...).
