You let 0x90 get away with bypassing your products, but you have no proof I UDP flood servers and I get banned from XWIS..

lol no proof? Guess softlayer didn't agree since they took your server away. Our server filled back up in 10 minutes, how much money did you lose? Also, no one lets 0x90 get away with any thing. But nice attempt to deflect the stupidity away from you. Fail.

Lawl, good job dumbass.
