If you are worried about what someone else behind a computer screen says about you on a gaming forum, then maybe you should reconsider being on the internet.[/quote]

I play this game with my 2 boys who are 15 and 10 and they like to read the forums as well and I can make allowances for some swearing but the "cocksucker this and suck this and put it up your ass" comments by Sadukar is going way too far.
Anyone who knows me knows that I like to joke around and have fun as well as a high tolerance for other peoples shit but this is only time I have gone so far as to try to get someone banned from the forums.
