Seeing as everyone is going apeshit over these radar HUDs, I thought I'd make a topic about the one I released.

They only come in two resolutions right now, 1024x768 and 1280x1024.

Make sure you are running the newest scripts.dll or it won't display properly.

Download 1024x768 HUD

Download 1280x1024 HUD

None of this would be possible without Silent Kane, Jonwil, and Scrin, so thank them too.

Make sure to download Roleplay 2 afterward!
