Westwood did invent RTS, but EA's RTS's are way better than Westwood's in terms of gameplay and balance... anyone who seriously thinks RA2 or Tib Sun are better games than Generals and Zero Hour frankly needs to see a doctor.

We had the same crap with the BFME games... a section of the community didn't care about whether the gameplay and the balance were good as long as Gandalf's hat was the right shape or something... some of the threads here remind me of that tbh. **OMG KANE'S PANTS ARE THE WRONG COLOUR FUCK EA I'LL NEVER BUY THEIR GAMES AGAIN!**
