Spoony wrote on Fri, 14 December 2007 07:21 Westwood did invent RTS, but EA's RTS's are way better than Westwood's in terms of gameplay and balance... anyone who seriously thinks RA2 or Tib Sun are better games than Generals and Zero Hour frankly needs to see a doctor.

RA2 and Tiberian sun are better games than Gens or Zero Hour. you need to see a doctor my friend.

RA2 and TS were highly unique and had their storyline and universes were both really gripping. It made you want to finish them.

Generals was a string of missions of a generic, bland RTS. not ingnuitive at all.

Plus I prefered the goofy 2d graphics of the older games to the shit that Generals was.
