There are about 500 people who play Renegade online at a time, not all together.

800\*. I was refering to online at any given time, and its 800. In total, the last number I heard is that about 10,000-15,000 (as in different accounts (or was it IP's?) still play, but online at any given point, WOL=500-600, GSA=200-300
