Hugging is kind of sad but we all do it a little (to avoid being shot by 5 jets).

Its the extreme huggers that pee me off. I usually deal with these by just advancing, shifting side to side, then jump on top off em, reallys screws with them pop em with a well paced hs.

BTW I've been playing on a new snipe server this week, called  
'Germany-sniper-server-No-reload'. Huggin is against the rules!! Absolutly great -)
