You know what pisses me off, starbuzz? You're bashing on many religions.

You shouldn't call people idiots or retards or ignorant for being wrong, not that I'm saying that we're wrong. But you've said the word "ignorant" dozens of times now. I'd continue debate about religion with you, but stop acting like a 5 year old, and stop bashing on the Christian religion.

Practically everything you said made Christians and other religious people look like they're freakin gangsters running around and murdering people and using threats to make them believe whatever!

I'm ok if you try and convince us that Christianity is wrong, but insulting and bashing isn't going to make me change my mind.

Go ahead, give me verses that'd "blow me away"
