Also, could you ever play on the MP-gaming server in the past? Maybe it just hates you. Get Skills.

Skills have nothing to do with his skins, infact, it's his counter to certain skills... if a sniper tries to hide somewhere, under the normal skin, the sniper is then mostly invisible; with his bright skins, he/she is not, hence on his screen, and his screen only, the sniper is visible and he thus gains an advantage.
