xpontiusHey HEy if you guys must flame about stuff at least argue about the right thing. I did some thinking on narcissistic and found out there's a better word to describe Ack if you must.

egoism-(i aint doin no grammar)In the Websters Universal College dictionary I have it describes it as- n. 1. the habit of valuing everything in reference to one's personal interest (opposed to altruism)2. egotism or conceit. 3. the view in ethics that morality ultimately rests on self interest. - egoist, n. -egotistic, egoistical, adj. -egoistically, adv(Not things u want to be if you dont want people flaming u for putting them or stuff down on these forums. *hinthint)

Yes a bad case of it. Everyone needs to realize that Ack has tendencies to act this way and before he realizes that people dont like it he has to accept it himself before he changes supposedly. CaptKurt and others are just responding to this negativity, no reason to get into a tantrum over it.

If you had actually read the definition, you're saying that you know me well enough to understand that I value everything in reference to my own interests in life.

You're dead wrong. Stop trying to fit me into archaic definitions you just come across while thumbing through dictionary.com.
