Muad Dib15 wrote on Sun, 30 March 2008 13:26Back on topic. I tried renhelp, and got as far as aligning the orgin. I'm stuck on this part.

Once you`ve selected your origin, just move it into the convergence of axis on your stage (where all the axis meet).

I need some help here.

EDIT: I also need a better way to learn how to bone cars, not tanks.
