And it depends on what the "scrub" is complaining about.  
ok, so buying one product from a company and not liking it gives you the right to steal all their other products in the hope you'll like one of them?

dipshit.

you know, you're worse than you make EA out to be. WAH WAAAH THEY ONLY WANT MONEY.  
they're a company, of course they want to make money, they want to release games a lot of people will like so a lot of people will buy them.

that > you, since you think you're entitled to their games for free, no matter how much they spent actually producing the damn things.
