blackhole wrote on Sun, 20 April 2008 16:22i have a 300 N router.

At the link status it says

270 mbps

At this moment im in the nit snipe server
my ping is around the 215
my kbps is 11
my fps is 75

and i keep getting lag killed.
i've been getting lag killed 3 years now, and its frustrating

If your kbps is 11 that's the problem.
