Oblivion165 wrote on Mon, 21 April 2008 09:20 I'm pretty well done with the debate, he just doesn't even try to make any points anymore and just assumes he is putting out these infoulable remarks.

"Well I won this because reason based on opinion here and that is stupid."

"Your just a Remark here so that means you lost."

">"

"My opinion about morals are words here so you lost again, rematch? You lost again! HAAHAHA"

I tore down your argument and you have yet to reply on what was said, you claim you cant understand it or some shit which is just a cop-out. Replying to one of 4 of my rebuttals does not make you the winner and sure as hell is not decided by either of the people in the debate. it's sad you can't see how catastrophically you've contradicted yourself here. It's also plainly obvious you can't refute a damn thing I've said, but you're too ignorant to come anywhere near accepting it so you just spew out this nonsense ^^

EA's actions > your actions, and EA > you, get over it... either do something HELPFUL for the community for a change or just steer away from their games. The fact you're intent on doing neither frankly shows everybody what a self-righteous, obsessed little geek you are and the fact you're outright lying when you try to claim you want any of these C&C3 games to actually succeed... the truth is that's the absolute last thing you want.

btw this is just hilarious:

rofl... not only is that something you just pulled out of your ass, but if you were saying it about YOURSELF you'd finally be right about something. guess you're not just a thief and a liar, you're also a hypocrite.

roshambo wrotel was replying to that. Or are you writing a game as big as CnC3 and keeping it up to date?

along those lines, yes
