roshambo wroteThen nor did your statment, but you still said it.
that's because the subject at hand isn't renegade.

I would like you to point out the contradiction here
sure

first you accuse me of doing this:
he just doesn't even try to make any points anymore and just assumes he is putting out these
infoulable remarks.
"Well I won this because reason based on opinion here and that is stupid."
"Your just a Remark here so that means you lost."
"My opinion about morals are words here so you lost again, rematch? You lost again! HAAHAHA"
which is, of course, complete bullshit.

Then you do EXACTLY THE SAME YOURSELF!
I tore down your argument and you have yet to reply on what was said, you claim you cant
understand it or some shit which is just a cop-out.

Oblivion165 wrote on Mon, 21 April 2008 15:00So for a rebuttal you went ahead and did exactly
what I said you were doing in every post you make. Advance your argument absolutely none and
filled it in with more of your person opinion crap.
again, complete nonsense, has no relation whatsoever to anything I've said... you're just spewing
this crap to make yourself feel better about the fact you can't refute my arguments.

Oblivion165 wrote on Mon, 21 April 2008 15:00"you try to claim you want any of these C&C3
games to actually succeed"

Err...I would like to see anything even remotely like that being said by me.. I have said the
opposite since post 1.
ah, but you've pretended your intentions are noble, evil for good reasons. Are you finally realising
what everyone else can see about you; that your entire motivations are bullshit, selfish and
asinine?

Oblivion165 wrote on Mon, 21 April 2008 15:00I refuted the hell out of what you said in a 4 section
post on page 4....you replied to the first section and ignored everything else.
I replied to the only thing worth replying to... the rest was some garbage about your mother
claiming disability or something, as if I cared and as if it was remotely relevant. You didn't refute a
damn thing, you just changed the subject because you COULDN'T refute it... there's a difference.

Oblivion165 wrote on Mon, 21 April 2008 15:00That fact of the matter is that you apparently cant
handle what is going on here. You attack me and not the subject
another prime example of your indescribable hypocrisy... your first reply to me was LOL YOU ARE
OF NO IMPORTANCE when I hadn't even insulted you at all. Seriously... just stop humiliating

yourself... you're a liar, you're a thief and you're a colossal hypocrite, and the gaming world would be a better place if you knew where your front door was. You're on the same level as cyberpunk and 0x90.

Aside from that, you're pathetic at debating because every insult you've tried to throw at me has been utterly false, but it'd be true if were applied to you... such a wretched little hypocrite. Go make some friends and get a real hobby instead of trying to ruin computer games... jeez, what a sad way to live.
