I'm trying to remember the names of two girls I used to play with YEARS ago, but both the names escape me. Either way, due to their personality, you could most definately tell that they were both actual females.

One was tterbo aka _____. The other was something in the format of AbcDefGhi. Me and a guy hummer13 used to play my Late-Night Duels in Duel_arena with her, and she'd end up cheating and getting pissed when I'd accuse her of such lol. Strange 3 letter combinations come to mind, like Nos or Boo or some strange shit like that, but I can't remember her name lol...
