you tell me to "get over it", you're the one who brought it up over and over again for six months... normally when someone's asked for a SS they don't do that (including when they, you know, actually post it), but it's good to see a SS request brought a ray of sunshine into your dark tunnel of a life.

anyway, here's what happened

me: "are you on renguard?"

you: "yes"

me: "k, i'd like a SS of your renguard screen please"

you: "ok"

me: "thanks"

you: "actually i think i'm not on renguard"

me: "derm ok"

xpert: "yes he is"

you: "shit sorry, I thought I wasn't"

me: "...."

you: "actually no i wasn't after all"

me: "you gonna pick one of these and stick to it anytime soon?"

you: "I WASNT ON RENGUARD GOD HOW COMPLICATED IS THIS?"
