actually i was quite surprised that u guys thought i was playin well enough to be accused of cheating, since i don't recall doin anything suspicious except invisihuggin henrys straight walkin soldiers in the tunnel ... insecure about my renegade skill, if thats what you want to call it, i don't really care much about renegade - hence i've played maybe 20 cws since i registered in 2005, my account even got deleted from inactivity

i didnt bring this up either, i just typed "anthrax" in the search box because i don't check here often, and i found that post, where TD just felt like bringin up the issue again - im flattered if ur still convinced i cheat tho
