Ryu wrote on Mon, 12 May 2008 03:24Menu bar = Right click on the empty space were your tabs are, and click "Menu bar",

Or, to get to the tools menu, Click on the little ">>" button on the far top right hand corner of IE 7 and choose "Tools".

History and Favorites, and manage RSS feeds and add favorites = Click on the Star or Star with green plus button on the top left hand corner of IE 7.

The menu bar is usually there by default.
Like I said, I don't wanna guess what all the pictures mean.
Also, every time I've opened up IE7 for the first time on a computer (there have been several occasions), the menu bar has always been hidden, by default.
