It says Removing old always.dbs

Then Error 2

Like Dis

Removing Old always.dbs

Error 2

I got the same exact problem and I've been stuck for a while. Can anyone please help?

Here's a SS of my problem.

ok i got the cp2 downloaded and it says

"Old File not found. However, a file of the same name was found. No update done since file contents do not match."

Did you forget to first update Ren to patch 1.037?
