havoc9826 wrote on Sun, 15 June 2008 15:06Go back to your cheater forum XeonTeam, the people who actually know anything about this project keep enough tabs on that forum to know who not to release that information to.

That hurts havoc. I try to be nice and discuss something relevant and I get flamed.

By the way, I am now known as XeonXR6 and I would thank you not to take my past into account.

Cheers,

p.s. Thanks for the warm welcome.
