After about 30 seconds the paper did start burning, but for fire, that's pretty slow.

So I said hey, what the hell, and picked it up.

See video. (coming soon)

Turns out the ball itself wasn't THAT hot, but if you held the ball in one place for a long enough time (more than about 5-10 seconds I'd say) you are gonna get burned.

But otherwise, works fine.

hell ya im try this now!
