{SB}Lone0001 wrote on Sun, 29 June 2008 05:23l pwn your intel card with my intel card: Intel 945 Express Chipset Family(the funny thing is I'm actually able to play portal with it).

Intel 945 = Intel 82945G Express Chipset.

1440 x 900 for every game that can support it. Before I upgraded my graphics card, I used to run Renegade at 800 x 600 when I was with the ATI X1550 (although I could run it at max resolution without shaders).
