cheesesoda wrote on Sun, 27 July 2008 22:30He's an idiot, an admitted cheater, and a troll, but he's also 13, and nobody has been banned even for the same offenses, so let him stay. If he's that annoying, ignore him. Seriously, ignoring people works wonders. I've been ignoring madrackz and renalpha for a while.

If enough people stop responding to his incessant idiocy, he'll either leave on his own or he'll become a more respectable member of the forums. Either way, it's a win-win situation for all. You can't do that because of his history. By doing that you are giving him his 3rd (4th?) chance to redeem himself after the other chances failed miserably, I don't think he deserves another.

Now, he hasn't done anything wrong with respect to the forum, therefore should not be banned from the forum... but he should not be trusted in game.. at all! Because he is not consistent with his promises to not cheat. Nor is he consistent with saying he cheats and saying he doesn't cheat. It's as if he has no concept for what's considered right and wrong.
