Put it this way, he's been somewhat trying to straighten up. At least, that's the way I see it. Has he been failing miserably? Absolutely, but he's trying. I mean, you don't punish someone for failing at quitting smoking. You try to support them. Tough love by ignoring him may be the best solution rather than banning him.

I'm not saying he should be trusted in-game. You reap what you sow, but you can't just turn your back on those sincere. Again, he's only 13. Yes, BlueThen, I know you're 13, as well, but let's realize that not everybody advances at the same pace. As a forum generally made up of 16+ year-olds (especially now that the game is 6 years older, so are we), we need to be a little more willing to guide those younger. If he's being sincere, the least we can do is realize that he's just not as far along as we are.
