Who do I think will win? I'm not sure. I know everybody wants "OMG CHANGE" and jump on the Obama bandwagon, but I still think this country will see through his inexperience and vote McCain. If I had to put money on it, I'd say McCain.

As for who I'd vote for, my signature tells you. Does he stand a chance? Not one bit because of Americans' stubbornness to actually do something different and vote for who they believe in, rather than a corrupt political party.

That's the other thing... the 3rd party candidate could decide the election
