Also when you said you are in special ed in math, do you mean you are in a special advanced class or... a special slow class... : /
the one for slow people...not that im dumb i just went to the department of mental health as a requirement to my cope cuase i got expelled in middle school of any riverside school district campus and they siad im the first one to ever get the highest score in this test that involves me doing shit with my eyes but reading and remember things iv read is low so thye said to be safe im special ed if i want to be...lol but i still think im go to iTT i might wanna be a ssoftware programmer along with pc tech
