candy wrote on Thu, 14 August 2008 15:08 just make it with the option to take the fix out again if people really don't like it, you can always get ur pt's back

IF you would've read the first post, then you would've read that there will be a fix or an unfix (depending on the default).

What we're trying to decide here is which one to make default.
