It may have been a week to a few days but i was !forcerg by someone out of spite for sniping them. When this person forced me another person also did for the hell of it.

Today i was on n00bstores on the map field and i was hugging the enemy tunnel wall. I popped out for a split second and blew someones head off. Well you all know how it goes ohh no they killed me i think i will !forcerg them lol.

Anyways i had to get rid of my weapons i got from http://www.game-maps.net/ to use renguard. Can you people ether un-force me or allow some of the weapons though rg???

Thanks people
