L8ly I have had a problem with geting powerups that you can walk into and get (like weapons). I have been working on the Stealth Suit powerup, but i haven't been abkle to let the infantry grab it. I just walk over it and nothing happens. Can some one help me with this? Also, If you can get the power up to work, can someone tell me how to make the infantry unit that got it stealth?

You're going to need to make a objects.ddb/aow/gm mod for your server.
Tick the box in level edit that says "alwaysallowgrant" on the preset that you're making the plane drop. That's what you need to do to make the infantry able to "grab" the power-up.
