RoShamBo wrote on Thu, 28 August 2008 07:32 If the ladder is about "skill", then why does the pointsfix, starting credits or all other things have anything to do with it? If a player is skilled, he will work with his team, he will try to get credits the honest way. Your ladder code could pick up on that. If you're just going off score then it's not about skill at all, it's just how long can we pointwhore for. Do you actually think about what you type?
