Poskov wrote on Thu, 11 September 2008 20:57Renegade won't load SinglePlayer maps AT ALL.
MP Practice works fine though.
I have scripts 3.4.4 and latest patch

Thanks

Meh, don't play single player with scripts.dll (of any version prior to 4.0 really) installed, it does cause problems with single player. To uninstall it, remove bhs.dll, d3d8.dll, shaders.dll, scripts.dll and rename scripts2.dll to scripts.dll
