SSnipe wrote on Sat, 20 September 2008 06:05So today in school i got suspended for using a proxy server to go onto websites that were blocked even tho i mostly was doing research and stuff they did not care they called it hacking the school computers would you say finding a proxy website to look at blocked sites is hacking a school computer?
That's What You Get For Retarded Typing In Titles.

and not using any punctuation in the rest of the message it is highly annoying if one doesn't use simple punctuation and one doesn't even try to use decent grammar look if you are dyslectic ok i can understand you make an error sometimes, but this is pure bullshit.
