I don't know you, I do know Crimson, and although I do not always agree with what she does, I'm pretty sure she wouldn't ban someone just because she doesn't like you... Take these forums as an example, I think she's quite lenient with respect to bans on this forum. If she'd ban who she doesn't like, I think some members would have been banned for ages already.

I know that TT will not have any global ban code though or anything like that though. Noone who owns Renegade will be prevented from playing, so there is no reason to be afraid for that.
