Inspired by Imdgr8one, I thought it would be fun to see how long you have all gone playing a single game straight-through?

Mine was Red Alert 1. Got up early (NOT an easy thing to do during summer holidays), say about 8AM played all day, was on with only breaks for bathroom and food, didn't stop until 6AM the next morning when I saw the sun come up. 22 hours, baby! Drooled on the keyboard a few times too from my mouth hanging open all the time.
