One day I walked into my big brother Marc's room. He had a playstation back then (4 or 5 years ago) and I was amazed by what he had on his screen. Not a wrestling game, not a sports game, but an overhead veiw of an incredibly huge battle. I sat there, and watched him play for 2 hours, loving the huge barbed wire networks he build along with flame towers and tesla coils. After that, I'd sneek into his room everyday and play forever. I think hte longest I ever played was from 8AM-5PM. Tons of games. Whoa, I never seemed to have mentioned what game. C&C RedAlert for playstation.
