although my server won't show up in Renegade listings after modding in LE...
Ya your wrong, When you edit a servers objects file it works ok and server has the modifications in it. ONLY when you edit a objects file and put it into your renegade data folder (client) that you play then servers wont show up cause its considered a hack.

OMG THAT IS WHAT I MENT ALL THE TIME!!!
oh crap there was just a biiiiig miss understanding from me and viceversa xD

*EDIT but back to topic since this wasn't where the topic was about >.>
