This is a league where anybody can make a clan and compete. Right now I will be honest and say the league is not very active, but I think bringing in the right people could shape up the league. It is a free sign-up and they give out free prizes{latelty the top 3 warriors in the league(for each month) get to pick out a game of their choice for free sponsored by EA}. I just got red-alert 3 for free this month . I am not sure how many people actually know about this so figured I would let you all know. If your interested the link is here.

After you look at that link sign up at the forums here. <http://www.clanwars.cc/smak.aspx>

Make sure you put down your MSN in the contact list thread to start playing Clanwars.

Good Luck ALL!!!

P.S. I know this is old news, but just in case some people didn't know I am trying to revive the league and also get decent people to play in it. I know cw.cc has the reputation of immature 5 year olds who just flame each other and have no sportsmanship at all, but it is not like that anymore and most people have left. I hope you all will help by participating in rebuilding the league.

Thank you for your time.
