What pieces of the emitters?

Well guess this case in percitular was Primitives, but the entire part of Line Properties is broken in emitters, I know wthis for a fact, the w3d tool doesn't even save changes made to it, as I will show below:

### Emitter Properties

General | Emission | Physics | Color | Size | User  
Line Properties | Rotation | Frame / UCoordinate | Line Group

 Use the controls below to modify the line rendering settings for this particle emitter. Note that these settings are only used when the emitter is rendered in line mode.

—Line Rendering Options—

Mapping Mode:   Merge Intersections  
 End Caps  
 Disable Sorting

—Parameters—

Subdivision Level:  UVTiling:   
Noise Amplitude:  UPerSec:   
Merge Abort Factor:  VPerSec:
