Subject: Re: Reinstalled 9-steps and DX9.0c, still get black screen
Posted by Nunya on Thu, 04 Dec 2008 07:06:09 GMT

ok, I looked for "black screen" and found advice to reinstall scripts.

That fixed it

Now that I got the game working (I can see it), I still cannot connect.

"Unable to connect
Unable to connect to Westwood Studios"

I assume installing the script package broke it? Thats what started me on this path in the first place. I tried them originally just to fix my "FPS=0" display.
