hi there, i've a wired problem

successfully installed the game, applied the patch 1.37, then when i run the game it crashes with an error report with the following details

AppName: game.exe AppVer: 1.37.0.1 ModName: wtsapi32.dll (or sometimes "game.exe")

ModVer: 5.1.2600.5512 Offset: 00000080

running Xp pro SP3

p4 3.0 ghz

1 gig ram

ati x200 readon with latest drivers

any help will be much appreciated, and thanks in advance

regards..
