1. People telling snipers to get a tank, because they're useless according to them.

I would love to have such people on my team. We will win everytime. Stop being retarded. Snipers are there for a reason. Yeah, sniper WHORING is a dumb idea, but in a crowded game they're necessary. Hell, even in a less crowded game, aslong as the sniper is good, they can help pick off hotwire/technician support, which is invaluable.

So based on that one post of mine, you magically know I am entirelyly against sniping, huh?

I would rather have players with tanks/repair guns on my team than snipers though I understand the uses of sniper. Used to be in sniper clan FYI...

Even if a sniper picks off a hotwire/technician, the kill is invaluable ONLY if your team is in a position vehicle-wise to destroy that vehicle. If not, that sniper's "invaluable" kill counts for half a log of sh*t.

The irony of this statement!

Without these "pointwhores" and their tanks, you wouldn't have much of a base left to buy snipers from.
