ServerSide stuff, but i wont help.

–noun

1. a person who devotes himself or herself to one subject or to one particular branch of a subject or pursuit.

–noun

1. a person who has special skill or knowledge in some particular field; specialist; authority: a language expert.

Specialist, sure you can have that title. I don't give you expert badge though.

Well, specialist is wrong as well, because if he would devote himself then why doesn't he offers his help? Or at least tries to

I didn't know exactly how to phrase what I did say, lol. :/
