GoodOneDriver wrote on Sun, 22 February 2009 11:59ty but do i just color it diffrent color or what? cause ive seen quite a few like purple, green, blue but no one tells me download link

Yep, Just basically fool around with the colors. I personally enjoy "Blue".

I like mine, when your over the enemy, the blue turns dark red and the hd\_recticle\_hit turns bright red. So basically when over the enemy you can only see the inner circle.

But that's just me, everyone has there own style.
