14:38: Granted but no one knows what that is so whatever it is, explodes in your face and you die of aids.

I wish Renegade X would come to `a console (and it wasn't the wii) so i could play it.

Granted, but Renegade X turns out to be crap so you throw it away after 2 minutes of playing.

I wish there was pure oblivion for everyone at the same moment with absolutely nothing afterwards.

Granted, however, the Oblivion Manufacturing Corp fail to deliver on their contract correctly and there is a sort of simplistic pong universe...

I wish that I didn't get stuck in the middle of a city in the fog yesterday....
